My best norooz

by: Roodman Rahimi

This year I had the best norooz. This year my family and I went to Izadkhist, shiraz, bushehr and dez fool. All of them were great but I liked shiraz the most. People in shiraz were kind and they welcomed all of the guests to their town.

The people went to park at night to join festivities or just sit back and enjoy.

I also enjoyed bushehr. beautiful beaches, delicious seafoods and special felafels.

In dez fool we went sightseeing and also we visited

(dez river). an old man was fishing there and he had caught a big fish.

Izadkhist is a small city near shiraz. There is ruins of old Izadkhist there build by (mads).

The first multi-storey buildings were made in Izadkhist.
